## About GLS Group

GLS Group is one of the largest self-reliant parcel services providers in Europe, with a strong local presence in almost all countries across the continent. It also operates through wholly-owned subsidiaries in Canada and on the USA's West Coast, all within one GLS network. This allows GLS to seamlessly connect its customers and communities with millions of parcels and stories every day.

The company was established in 1999 as General Logistics Systems B.V. from German Parcel, founded in 1989. Based on over 30 years of experience, GLS is proactive regarding network management, actively connecting its markets flexibly and agilely to respond to their fast-changing and dynamic nature. Across about 40 countries, the company takes pride in providing its customers with high-quality service that best suits their requirements. In 2022/23, GLS generated revenues of 5.4 billion euros and delivered 862 million parcels across markets.

## Our Ambition

At GLS, we aim to offer the most personal and seamless parcel delivery service. We are continuously expanding our network of reliable and dedicated people who, like us, know that a parcel is never just a parcel. With them, we deliver every sender and receiver's hopes, dreams, and ambitions. Thanks to our resilient and robust network, we have proven ourselves to be an agile player across Europe and parts of North America. We continue to build on our seamless services' successes and unlock growth and future potential. We maintain a high level of quality through our forward-thinking approach and continuously improve upon it. We are committed to achieving zero emissions by 2045 and are taking direct steps that create a positive impact for future generations. We push ourselves further to become more global, digital, flexible and diversified and we are one step closer every day. Please reach out to us to find out more about GLS.
