

## Sell&Send 2.0: the irreplaceable partner of e-commerce!

If you still don't know **Sell&Send 2.0**, let us introduce you to it: it is the GLS platform designed for online order management. And now we explain why you can't do without it!

Sell&Send 2.0 is able to connect to as many as **26 different sales channels** including CMS and marketplaces. In addition, its visual **editor** allows you to send beautiful customised notifications to your customers, with images, videos, coupons,

links to social channels and more. It's a useful and functional tool: it allows you to request **pick-ups** and **drop-offs**, as well as generate **quotations**. Moreover... are you familiar with the GLS Parcel Shop network of over 50,000 points in Europe? If your platform is compatible with our plugin, all you have to do is install it and **integration with our Parcel Shops** is done!
