

Głuchowo, August 30, 2022 r.

Press release

## **GLS at the Poland Business Run 2022**

**This year we are once again the logistics partner and main sponsor of the Poland Business Run charity run. "We run for what matters" is the slogan that guides our activities during this year's edition.**

There is less and less time left until the run - we will already meet in Krakow on 4th September during this event. We will really meet, both on the run route, where our teams will appear, and in the GLS zone. There, both a chillout zone and a lot of attractions will be waiting for the runners and their families.

The run itself, however, is the culmination of our many activities we have undertaken so far. Indeed, **especially for this occasion, we have teamed up with online business specialist Michał Sadowski and fitness trainer Edyta Litwiniuk**, who have prepared a webinar and e-book for us. We wanted to create something really valuable, and at the same time touching on two areas that the Poland Business Run has in common, namely business and running. We warmly encourage you to take advantage of both materials, to receive them just fill out the short forms available at the links below:

Business webinar: <http://nadajemybieg.gls-poland.com.pl/b2b>

Running e-book: <http://nadajemybieg.gls-poland.com.pl/b2c>

As every year, we also couldn't do without a video of the packing of the start packages for participants, in the delivery of which GLS, of course, actively participates - be sure to watch: <https://www.facebook.com/GLSPoland/videos/6033659273319340>

**So, are you running with us for a good cause?** Remember, even if you can't show up in Krakow, you can still take part in the virtual run.

### **About GLS Group**

GLS Group is a leading provider of domestic and international parcel transportation services. The company provides its customers in 41 countries with reliable, high-quality and personalized services, including express and freight services. Thanks to the company's extensive international

network and good knowledge of local markets, GLS customers can expect the same comprehensive, flexible and personalized service throughout Europe and other parts of the world. GLS also operates through subsidiaries in Canada and on the West Coast of the United States. The GLS network includes 71 central and regional transshipment points and approximately 1,500 warehouses, served by approximately 31,000 end-to-end delivery vehicles and 4,000 long-haul trucks. GLS employs around 21,000 people. In 2020/21, the company achieved record revenues of €4.5 billion, delivering 840 million parcels despite global difficulties.
